## EDUCATION

### Btech in Artificial Intelligence and Data Science (AIDS)

Yeshwantrao Chavan College of Engineering • Nagpur • GPA: 7.3 • 12/2021 - Present

## PROJECTS

### Aap ki aavaj

01/2022 - Present

- Empowering Deaf Communication & Education with ML
- Developed during the 2022-23 eyantra innovation competition, SignAI utilizes machine learning for real-time hand sign detection.
- Translates sign language into text or speech, facilitating effective communication for the deaf community.
- Offers interactive sign language learning modules and educational content.
- Recognized as a semifinalist in the competition, demonstrating the potential for real-world impact, promoting inclusivity, and raising awareness of deaf individuals' needs.

### Datanoid

Datanoid - Data Science Learning Platform (Winner, IT Hackathon 2022 ycce)

- Developed and presented Datanoid, an innovative data science learning platform during the IT Hackathon 2022, earning the top prize in the web technology category.
- Datanoid is a comprehensive platform designed to facilitate data science education, providing a user-friendly interface for learning and practical application.

## SKILLS

Competitive programming, Web technology
